Mrs. W. E. Akers and daughter, Jean, Akers and Mrs. Julian B. Henson and young son, spent Saturday in Richmond.

SEVENTH DAY ADVENTIST INGATHERING APPEAL

Seventh-day Adventists of Appomattox and Guinea Mills Churches will launch their annual Ingathering appeal March 22, according to William H. Carey, church pastor.

The local churches plan to reach their goal of $800.00 in six weeks through a door-to-door solicitation campaign.

The appeal, conducted by the 2,878 Adventist churches in the United States and Canada last year netted more than $3 million for the support of medical, educational and evangelistic activities carried on by Adventists in 193 of the 230 countries of the world. An additional $2 million was raised overseas.

"Members in North America themselves gave nearly $36 million to the work of the church last year, a per capita gift of $150.87," Mr. Carey explained, adding, "but our gifts are not enough in this day when Christian missions are playing a vital role in the world's struggle for freedom."

"Americans no longer dare ignore the suffering and ignorance that produce communism's breeding places,"the church leader pointed out. He quoted Dr. Charles Malik, Lebanon's minister to the United States: "The work of American missionaries abroad is more important than diplomacy in expressing the desire of the American people for peace and plenty in the world. The hospitals and schools the churches have built are the best evidence you have to show your concern for the world."

Last year's gifts by members and friends are being used to build new hospitals in Iraq, Nigeria and Paraguay, establish a school in Iran; and provide additional facilities for schools, and hospitals in Mexico, Ethiopia, Jamaica, Angola and the Congo. The funds are also used to carry on the denomination's schools and publishing houses. More than 3,100 Adventist mission schools are in operation.

EXAMINATIONE FOR TOBACCO INSPECTORS

The United States Civil Service Commission wishes to cite the need for tobacco inspectors in the Production and Marketing Administration of the Department of Agriculture, for work in various states in the eastern half of the United States.

Applications must be filed with the Executive Secretary, Board of U. S. Civil Service Examiners, Department of Agriculture, Washington 25, D. C., not later than April 1, 1952.

Listen to The Country Editor, at 7:15 P. M. each Friday, on radio station WWOD, Lynchburg.

"Blind as a bat," is an incorrect saying, since bats can see.

Appomattox is a growing town.

TIPS GIVEN ON PLANTING OF ONION SETS

It's about time for Virginia's home gardeners to plant onion sets.

F. H. Scott, assistant horticulturist at VPI, says onion sets should be planted early in the spring—about now to early April. A light frost seldom injures onion plants, although a heavy frost may ruin the crop.

Place the sets in shallow furrows so they will be barely covered in heavy soil, or covered by as much as an inch in lighter soils. It takes one to two pounds of sets to plant a 100-foot row.

Scott warns that sets which have been stored at improper temperature are likely to develop seedstalks. The most satisfactory storage temperature for sets is 30 degrees to 32 degrees F.

As for varieties and other cultural practices—you'll find the details in a leaflet, "Onion Culture for the Home Garden," authored by Scott and available for the asking from county agents of the V. P. I. Agricultural Extension Service.

Martin Van Buren was the first President to be born a citizen of the United States.

George Washington's second inaugural address is the shortest on record.

Congressmen are not required by law to attend a session of Congress.

Nevada has a population of 91,000, the smallest in the nation.

Mount Etna is located in Sicily.

Homemakers Schedule

Schedule of Home Demonstration Clubs for next week:

Monday, March 24.- There will be an important meeting of the County Home Demonstration Committee at 2:00 P. M. in the office of the home agent. All club presidents, secretaries, and program development leaders are urged to be present.

Tuesday, March 25.- The Trinity Home Demonstration Club will meet at 2:00 P. M. with Mrs. H. R. Moore. The demonstration on fabrics will be given by Mrs. W. A. Weakley, and on making corsages by Mrs. R. B. Martin.

Wednesday, March 26.-The Spout Spring Home Demonstration Club will meet at 2:00 P. M. with Mrs. Ida McCann. The demonstration on fabrics will be given by Mrs. McCann, and on making corsages by Mrs. George Carson.

Thursday, March 27.- The Oakville Home Demonstration Club will meet at 2:00 P. M. with Mrs. W. D. Hunter, Jr. The demonstration on fabrics and making corsages will be given by Mrs. Frank Jones and Mrs. P. G. Reynolds.

Friday, March 28.- The Oakville 4-H Club girls will meet at 9:30 A. M. for a demonstration on making muffins.

Friday, March 28.- The fourth in a series of 4-H electric work shop meetings will be held at Pamplin school auditorium, 12:15 to 2:15 P. M.

A. H. S. Newscast

The Junior Tri-Hi-Y celebrated St. Patrick's day by sponsoring a canteen party Friday night. Everybody was given a green shamrock to wear to add further to the atmosphere. It was a very pleasant ending to a week of study.

There has been almost an epidemic of flu at school this week. A large majority of the students are out, as well as teachers. The date for the Senior play had to be changed because most of the cast is sick. Mrs. Morris has been absent for nearly two weeks. We wish her a speedy recovery and hope she will soon be back with us.

Since Coach Gordon Bragg reconditioned the tennis courts, most of us have been going around with extremely sore muscles. We've been trying to practice up so that at least one of us can beat the coach this year. I hear he won two games the other day playing with a board. But you just watch out, Coach, someone is going to beat you yet.

Baseball practice is in full swing now. The team is beginning to shape up nicely and polish up the rough spots. I have not heard yet when the first game will be.

We were very fortunate to have Mrs. M. G. Willis visit us Tuesday. She is the well-known author of The History of Virginia studied in many of the schools of the state. We were delighted to have her visit us and hope that she will come again very soon.

Several Senior girls are going to attend Senior Week-end at Mary Washington College the last of this month. They will participate in all the activities of college for the week-end. It is a visit designed to acquaint us with a little bit of college life.

Report cards were issued Tuesday and there was a great deal of sighing and many vows to study harder next six weeks. We only get our report cards two more times, so we had better get to studying.

News is rather scarce this week, so I'll close up shop until next week, same time, same place.

—PEGGY ELLEN COLE.

TEACHERS AND STUDENTS ATTEND CONFERENCE

On Saturday, March 15, two teachers from Appomattox High School, Miss Flora Belle Williams and Miss Harriett Holtsy, attended a Thentre Conference held at Lynchburg College. Three members of the Junior class, Jackie Poston, Dorothea Coleman and Bob Burkey accompanied them.

After a full day's program, with such speakers as Miss Blair, from the Hollins College; Mr. Tenfel and Dr. Freeman presiding over meetings about the theatre, they attended a performance of the play, "Medea," given by the Lynchburg College Players. This play was a tragedy taken from Greek mythology.

Miss Beulah White, portraying Medea, was the main character in the play. We are proud of Miss White, a senior of Lynchburg College, who is a graduate of Appomattox High School.

—Junior Class Reporter.

From where I sit ... by Joe Marsh

It Isn't the Heat—It's the Hide!
Big discussion after the Grange meeting Friday night. Tik Anderson was arguing that hogs were lots more affected by the hot weather than cattle. Skeeter Morgan declared that it wasn't so—that he never saw any hogs bothered by the hot sun like his cows were.
I was glad when Rusty Robinson stepped in.
"Boys," he says, "don't get so riled up. It all depends on what color the livestock are. Hogs or cattle, the ones with light-colored coats absorb less heat from the sun's rays than animals with dark coats. So you're both right!"
From where I sit, so many useless arguments could be avoided if a person would remember he doesn't have all the right on his side. Reminds me of folks who insist that coffee, for instance, is the only drink, forgetting that other people have a right to a glass of beer now and then. If we wouldn't get so "hot up" about our prejudices—we'd all be better off!
Joe Marsh
